

Diabetes in Ontario Schools

www.diabetesinschools.ca

committed to helping children with diabetes receive the support they require in schools

The Diabetes in Ontario Schools website was started by a group of parents who are concerned about the lack of support in Ontario schools for children with type 1 diabetes. We are currently lobbying government to provide day-to-day and emergency care for children in the Ontario school system.

Whether you are the parents of a child with diabetes or a friend, family member, educator or medical professional, we need your help. Please visit www.diabetesinschools.ca and get involved!
